All these sound effects were recorded in the North Idaho Panhandle.

All these sound effects are owned by Francis L. Bry, The Recordist. Copyright 2013. All Rights Reserved.

Please Note: Some of the weapons were recorded with two microphones and others were not. This library was recorded over a five year period.

The multiple microphone tracks include a close up extended frequency response microphone and a medium distant perspective.

Some weapons were recorded outside in the field. Most were recorded indoors.
